Dr. Daniel J. Fink  
Deputy Director  
Strategic & Space Systems  
Office of the Secretary of Defense  
Pentagon  
Washington, D. C.

Dear Dan:

STATINTL

I have just gone through [redacted]  
trip report with some care and found it  
most interesting, as it reflects the mood  
of this discussion circuit. A critical  
reading does not seem to give too positive  
intelligence, or have I missed something  
crucial?

Sincerely,

Albert D. Wheelon  
Deputy Director
